Royalty crowned at the Augusta High School Prom

Pictured left to right are: King Nick Zeidler, Queen Paige McCord, Princess Lacey Shumacher, and Prince David Tucker.

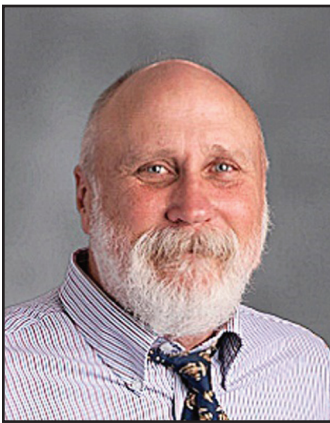

"A Night Under The Stars" was the theme of the Augusta High School Prom held this past Saturday, May 2nd. Crowned King and Queen this year were Nick Zeidler, son of Adelia Zeidler and the late Norman Zeidler, and Paige McCord, daughter of Jody and Gretchen McCord. Crowned Prince and Princess were David Tucker, son of Doug and Angela Tucker, and Lacey Shumacher, daughter of Lisa and Jeff Baxter.

Bray replaces Arnold as Head Coach of Augusta Lady Panthers

On April 1, Coach Rebecca Arnold resigned her position as head coach of the Augusta Lady Panthers basketball program. Arnold was at the helm of the program for eight years. In the last three seasons, the Lady Panthers went 42-35 and ended this past season by advancing to the 10th Region Tournament for the first time since 2006.

"Coach Arnold was an extremely hard worker who always put the girls in a position to be successful both on the court and off," Principal Robin Kelsch remarked. "She had a huge impact on the girls she coached and many of them still reach out to her for guidance and support. Coach Arnold was an excellent coach, but she is an even better person. I am honored to have worked with her as an assistant the past three years. I am glad my daughter has someone like her to look up to."

Chosen to replace Arnold was in-house candidate Terry Bray. Bray was employed by the district at the beginning of the 2014 school year as a middle school social studies teacher. He has extensive coaching experience in high school athletics. He served as Asst. Coach/JV Coach Girls' Basketball Coach at Holy Cross High School from 1995-2007. During that same period, he played multiple roles including Head Softball Coach, JV Baseball Coach, and served as both

as Assistant and Head Girls' Soccer Coach at Holy Cross HS. Also from 1996-1998, he served as an Asst. Coach for Women's Soccer at Thomas More College.

"With small schools, an important factor to keep in mind is that most girls participate in multiple sports," commented Bray when asked how his varied experiences will be beneficial in the small school environment. "Coaches have to work together to allow the players the time needed for each sport and provide a balance that won't put the players in a situation where they experience burn out."

More recently, Bray was the Head Coach of Girls' Soccer at Scott HS in 2014 and Head Girls' Basketball Coach at Silver Grove HS during the 2013-2014 season before coming to Augusta.

Kelsch was pleased to have a candidate like Bray already in the school system. "The Augusta Lady Panthers

10 Years of Lavender Hills

A Mother & Daughter's farm family business experience

In April of 2005, Lavender Hills of Kentucky began to take shape. Denise Scaringi, daughter of Charles and Judy Brothers, had the idea of adding a new crop to the family farming repertoire, lavender. They began with 400 lavender plugs they received. With the help of kids and grandkids, the plugs were re-potted into 2" peat pots and placed in a greenhouse to continue growing until they could be planted in June.

When planting time came, Denise, her sister, niece, mother and father, got down on their hands and knees and began the hard work of hand planting all 400 plants. Luckily, they were able to complete the whole field in one day, which was a great improvement over the other crops of tobacco and hay. Since it had been probably 20 years since Denise and her sister had worked in the field, they gave their father great pleasure watching them again sweating, laughing and complaining.

In March of 2006, the lavender leaves started to soften, by April, it was showing growth, and by late May and early June, the stems began to set to bloom. Once the field turned into a purple haze, Denise, her parents, daughters and husband set to harvesting the lavender in the bud stage. They used a 6" sickle and bundled the lavender in the field with a rubber band. After cutting, the lavender was then taken to an old garage for

Judy Brothers, left, and daughter Denise, right, are shown above in a photo from 2013. Denise says, "I may have had the idea to start the lavender farm, but it was Mom that had the vision. Not to mention the clout to see to it the entire family was involved!"

drying. Denise's daughters would load a wheelbarrow and take them to the garage where they then helped their Papaw hang them to dry. In total, 750 bundles were dried that first year and the process still continues almost 10 years later.

After their first harvest, they made the decision to open the farm up to visitors. In February of 2006, Judy, being an optimist according to Denise, purchased a small building and had it delivered to use as a gift shop, before they were even sure their lavender had survived through the first year. But from this optimism, a flourishing business has grown.

After their first harvest they began making products from their lavender. They started with the dried bundles, lavender wands, and a variety of sachet-type items. Their business has grown to include crafts, culinary and

other products, as well as recipes and a home-based processor to share foods with their visitors. With the renovation of a back room in the farmhouse, and the addition of a bathroom, a certified kitchen, and a serving area, they can now ship their food products everywhere.

So this Mother's Day, we congratulate Denise, Judy, and their whole family on their success over the last 10 years and look forward to the years ahead and what they can do for Bracken County and how they can inspire more mother and daughter business teams.

Ms. Throckmorton's 2nd and 3rd grade students of St. Augustine School in Augusta recently organized a fundraiser to support the Middletown Ohio Police Department.

Earlier this year, the Middletown Ohio Police Department tragically lost their K9 Officer, Gunnar, in a barn fire. They needed to purchase another dog for their department so the stu-

dents jumped in to help! By placing a "dog dish" in the classroom and soliciting donations from staff members and parents, the students were able to raise \$176.

The students are happy to report that the Middletown Ohio Police Department has purchased K9 Officer, Chase, and the funds raised will support Chase's training and equipment expenses.

The “Truth” and The “Consequences”
... Should I, or Shouldn’t I?

On Wednesday, April
1st, members of the com-
munity gathered to host a
Truth and Consequences
program at the Bracken
County Judicial Center.
Eighth graders from Au-
gusta Independent, Brack-
en County middle School
and St. Augustine Catho-
lic School were invited
to participate and encour-
aged to bring their parents
with them. Each partici-
pating student was given
one of 59 scenarios depict-
ing drug, fights, effects of
smoking on the body and
traffic violations.

Some of the scenarios
were based on the truths,
such as what smoking
does to the body, others
centered around the conse-
quences of actions such as
drinking or taking illegal
drugs and getting behind
the wheel of a car. In each
scenario, participants also
spoke to different mem-
bers of the community
such as a principal, school
board, judge, law enforce-
ment, court designated
worker, coroner, and fu-
neral director, and learned
the many different results

Pictured left to right in one of the holding cells at the Judicial Center are: Cyndey Gentry and Jamaica Baldrige, BCMS 8th graders, Heather Carr AIS 8th Grader; Samantha Dyer, St. Augustine 8th grader; and Melody Younce, AIS 8th grader.

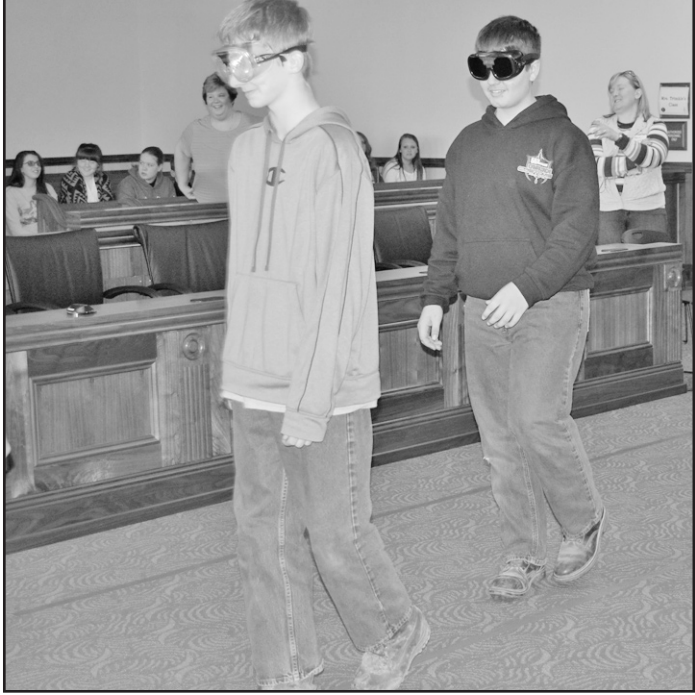

of their actions. Some dealt
only with how their actions
effect their school life, oth-
ers the legal process of go-
ing to court and quite possi-
bly jail, while others learned
the steps taken after some-
one close to them is killed
in an accident, from identi-
fication by the coroner to the
planning of a funeral. Each
scenario was put together to
make the participants think
before they act, and to start

conversations on the difficult
topics facing our teenagers
today with their friends and
parents.

The students were also
shown around the different
court rooms and prisoner
holding cells at the Judicial
Center. They also were giv-
en the opportunity to wear
“drunk goggles” that de-
picted the different stages of
intoxication and how judge-
ment is actually impaired

compared to the intoxicat-
ed persons perception of
their impairment. Several
were quite surprised by
the differences.

The program was
sponsored by the Augusta
Independent, Bracken
County and St. Augustine
Schools, the Augusta and
Bracken County FRYSC
Offices and the Bracken
County Extension Office.

Shown trying to navigate with the drunk goggles are BCMS 8th graders.

Shown with Jailer James Cox is BCMS 8th grader Chris Thomas.

May is Mental Illness Awareness Month. Mental illness is tough. Mental illness is a real illness. Mental illness is a medical condition. Much like diabetes, cancer, heart problems and other serious illnesses, it can be treated, not always cured, but often controllable.

Stigma is often a major factor in preventing treatment. Stigma often prevents those who need help from asking for it or getting it. There are many forms of mental illness and these illnesses can affect one of every four of us.

So, how do we help? We need knowledge, compassion and understanding. Take advantage of opportunities to learn about mental disorders. What we think someone needs and what they actually need can be two different things. As in other areas, what works for one person doesn't always work for another.

Seven years ago, a NAMI affiliate (National Alliance on Mental Illness) was established in the Buffalo Trace area. This area includes Mason, Robertson, Lewis, Bracken and Fleming counties. The group meets the second Tuesday of each month at the Mason County Public Library at 6:00 p.m. These meetings are for those who suffer a mental illness, those who want to help or those who want to learn more about mental illness. Everyone is

welcome to attend. NAMI is a strict anonymity rule...what you see and what you hear at the meeting is private and not to be discussed elsewhere. If you would like more information about mental illness, log in to NAMI: www.nami.org.

*Sincerely,
Sara Hay Fryman*

**Letters
To The Editor**

On April 26, 2015, the Bracken County Lady Bears softball players and parents spent their afternoon picking up garbage from Powersville to Berlin. In that three mile stretch of road, we collected ten bags of garbage. We filled the bags with broken bottles, fast food wrappings and other waste that had been thoughtlessly tossed out the window by citizens in our community. It is ridiculous to think that people in our own county are too lazy to throw garbage away properly.

Although our group appreciates the opportunity to earn money, we still realize how shameful it is that our tax dollars have to support this kind of clean-up effort. The bottom line is, littering is a crime and if you litter, you deserve to be punished, because Kentucky tax dollars are being used to clean up the trash you are tossing out your windows.

*Sincerely,
Bracken County Lady Bears Fastpitch Team*

Gloria Smith & Martha Wood had the nursery today.

Jane Nelson's specials were "Have Thine Own Way" & "There's Within My Heart".

Bro. Jackie's message was "Rahab was not who she used to be". Joshua 2:1-24. Rahab changed her life and she cared about her friends and family. God can take anybody and make them a somebody. We had 76 for worship service.

Remember in prayer: Iwanna Young (had an angiogram. No stents were required); Betty Henderson (been in the hospital and may be having an angiogram in the near future); Betty McElfresh (taken to ER & returned back to Maysville Extended Care); Gary Bruin & family; Marilyn Jefferson (been in hospital); Margie Appleman (been in the hosp. for test and had her esophagus stretched); Wayne Brockley; Beverly Wells (Parkinson's); William Day; Laural Jane Gray; Audrey McKinney; Jimmy Dale Linville; Johnny & Ruth Nickerson; Sue Hardyman; Alvin Staggs; Rick Linville; 2 1/2 yr. old Jack (leukemia); Darrin Young; all those on prayer list & always each other.

We were glad to have Albert & Sandy Blevins back with us. Her MRI...no cancer cells but she will need more radiation starting next week as preventive measures. Her faith in God remains strong.

Sympathy and prayers to the Don Galloway family in his passing. This is Ron & Peggy Foley's brother-in-law. May God comfort all those in the passing of their loved ones.

We had 22 to Bible Study that was led by Wayne Pendleton. He was assisted by Sherry Henderson & Jane Nelson. We are in Genesis and studied about Eve. Appreciation for Elizabeth Pendleton for the delicious refreshments. WOW! She is a fantastic cook!

Second Sunday Breakfast returns this Sunday after a short hiatus, so please join us at 9:15 a.m. Sunday morning for the only meal in town with a money back guarantee! It's the best of your money back! In other words, it's FREE! Afterwards, we hope you stick around for Sunday School at 10 a.m. or come back for service at 10:45 a.m. when Ron Moser, our minister, will continue his series on "Soul Detox". There are all kinds of activities coming up this Spring and Summer that you can be a part of, so if you have any questions, please call Ron 606-782-2731 or our youth minister, Shane Hunt 606-735-8419 or email: brooksvillechristianchurch@windstream.net.

FIRST BAPTIST CHURCH OF AUGUSTA by Rita Bradford

Hello & God's Blessings from The First Baptist Church of Augusta. Brother Tony's sermon was taken from 1 Kings 18:25-40 titled "Destroy Sin Before It Destroys You". As Christians we must not allow sin in our midst or it will end up destroying our effectiveness to do God's work. We must stand against those who would corrupt God's Word or we will be destroyed ourselves.

We invite you to come stand with us as we stand against those who wish to destroy our beliefs & ways. Our services begin with Sunday School Classes 9:30 a.m. This week's lesson is titled "Gifts of the Spirit". This lesson will help you use your spiritual gift to serve the body of Christ. Our Sunday Morning Worship begins 10:30 a.m. Our Sunday Night Service begins 6 p.m.

Brother Tony will be in Revival at Fairview Baptist Church May 16 at 7 p.m. in Berry, KY. He invites you to join him. We look forward to seeing you there!

GREETINGS FROM ST. JAMES by Caroline Jefferson

May God bless all Mothers with a most beautiful day this Sunday and congratulationstoMylesKern and Emily Schellenberger as they receive their First Holy Communion at our 8 AM Mass! God's blessings are sent to Aunt Mary Lou Jones who has a birthday on May 8, son Matthew turns the big 4-0 on Mother's Day and Msgr. Dominic Fosu has a birthday on Wed., May 13!

Msgr. Dominic is scheduled to return from Ghana this week and will celebrate Mass at 7 PM at St. James on Friday evening, May 8. Our sincerest appreciation to Fr. Hogan for travelling from Northern Kentucky early each Sunday morning to shepherd the Bracken County Catholic community!

Sunday's Gospel reminded us that Christ is the vine and we are the branches. Fr. Hogan stated that church attendance is down throughout all denominations with people saying that they can stay connected and worship God on their own. Fr. Hogan said that can be likened to taking a hot, flaming coal from the fire. Eventually, that one coal burns out. Worshipping together as a church is needed to keep our faith and love alive! Why not show your love for God and Mom by attending church this Sunday?

NEW LIFE FELLOWSHIP by Pastor Doug

This is Pastor Doug and I am filling in for Beverly for this month. I want to update everyone on our special and specific services we are planning for in May. First of all, on Mother's Day this Sunday we are kicking it off with a breakfast from 9:30-10:30 in honor of all mothers. There is no cost as our Lord has provided it and some of the men from the community will be preparing it. So we will definitely be praying! Just kidding we have some great cooks who have and will do a great job. So 9:30 a.m. is Mother's Day Breakfast and 10:30 a.m. Morning Worship with special music and focus on Mothers. Everyone is welcome and hope you can be with us this Sunday.

We also have a Deacon ordination service on May 17 and on Sunday, May 24 will be our "Senior Sunday" as we plan to honor all of our High School 2015 graduates that are present. Our focus will be "Chasing Your Dream". My young friend Brent Bach and Chaplain friend, back from Iraq, Brandon Hicks, will be sharing with us plus more. I will update you more next week.

Remember God loves you and so do I, (Rms 5:5) Pastor Doug.

PRESBYTERIAN POTPOURRI by Les Grooms, pastor Augusta Presbyterian

What a beautiful day we had on Sunday. The drive on Route 8 was awe inspiring. We had 49 in attendance for worship. Susie Hargett was ill so Shirley Gallenstine led the singing. Normally Susie sings during communion but in her absence we had a very good power point presentation. Earl Bush was the liturgist, Millie Bush prepared the communion elements, and David and Judy England served communion. We did not have children's church because it was communion Sunday.

It was good to have Vidie Grace back in church after a stay in the hospital. She seems to be doing quite well. Betty Bush was also back after being in the hospital. I understand that Rita Weiss is out of the hospital and recuperating with some special friends. Maryalis Brindley was in the hospital in Tennessee but is doing better and will be home Sunday or Monday.

Monday night we will have our monthly breakfast at 4 p.m. This meal has become quite popular. Biscuits and gravy, scrambled eggs, fried potatoes, quiche, desserts and who knows what else may make an appearance. Come and join us for breakfast in the evening.

Also the food bank will be open at 4 p.m. on Monday. We have not had many people take advantage of the food bank on Friday morning and we may decide to readjust our schedule.

On Friday night we will have our annual Mother's Day celebration in our Fellowship Hall.

Next Sunday we will have our monthly meeting of the church's Session. Business of the church will be discussed at this time.

NEW ZION BAPTIST by Sheril Fletcher

Upcoming: On May 10th there will be a Deacon's meeting at 5:30 p.m. The Ladies Sharing Circle will meet on May 15th at 6 p.m. VBS will be at Kincaid Lake State Park on June 20th from 2 p.m. to 7 p.m. then swimming at the pool from 7 p.m. to 9 p.m.

Howdy Folks! We need help! How can we make folks understand that NO TIRES in the roll-offs means that there should not be any tires put into them? Last week on Thursday morning the County Road Department removed 33 tires from the dumpster located in Powersville and they repeated the ritual on Friday morning removing 29 tires! Ms. Donna Rath, Administrative Secretary for the Bracken County Soil Conservation District, takes the time and effort to write the grant application that supplies the money for the county to obtain dumpsters for citizen usage. For those of you who have never applied for a grant from the federal or state government, it is a process that requires a list of instructions, research for data, explanations to seemingly non-related questions, signatures and approvals from immediate supervisors and then on to its destination where the application may or may not be approved!

Once approved, Ms. Rath gives us the okay to call the Mason County Landfill to establish times and locations for the dumpsters and guess what? Bracken County is not their only customer! Mason County Landfill is a small operation but it maintains a fleet of approximately 71 roll-offs of 20, 30 and 40-yard containers with two trucks and two drivers handling all the deliveries and pickups. These roll-offs can be seen as far away as Vanceburg, in Lewis County, Ripley and West Union in Adams and Brown Counties Ohio, and Mason, Fleming, Bracken, Nicholas and Robertson Counties locally. Plus, the two trucks and drivers are responsible for hauling four Mason County recycling trailers when they need to

be emptied! Anyone who owns a vehicle knows that on occasion, that vehicle will need maintenance work or repair. If either of those two trucks become disabled, then scheduling deliveries and pickups far and wide becomes even more challenging!

Once we call for a delivery, there are no guarantees that removal of a filled roll-off will be immediate! As children, we learned to wait for our turn and this concept still applies in our adult lives! We are not the only one needing a delivery or pickup so we cooperate and wait for our turn! Trash is overflowing and surrounding the dumpster at Powersville this Monday morning yet folks continue to set trash out! The County Road Department will need to get the dumpster ready by loading the debris and pushing down the load. Unfortunately, our turn will not be until sometime Tuesday so we can only hope that no one else will pile their trash around this dumpster which is located on private property! Our sincerest appreciation to Mr. Bobby Downard for allowing the County to place a dumpster on his Powersville property!

All of the paperwork for each of these transactions must be recorded and copied so that we can get Ms. Rath the disposal receipts and tire receipts must be given to Ms. Tina Teegarden, Administrative Assistant, for payment by the County. All we ask is that you use the dumpsters according to the Rules and Regulations as stipulated by the Mason County Landfill! Everyone agrees that having roll-offs available for citizens to use for excess or bulky trash is a good deal and we sincerely appreciate those of you who abide by the rules! Sometime this week a roll-off will be located on the hill below Snappy Pizza in Brooksville and on the Park and Ride lot on the AA Highway at Johnsville. When we all work together, great things happen, especially when we RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – *Bin & Bug*.

“Joy’s Story” to be presented Tues., May 12th

On Tuesday, May 12th, the NAMI Buffalo Trace Affiliate (National Alliance on Mental Illness) will welcome Donna Whitehead at the Mason County Public Library at 6 p.m. As May is Mental Health Month, Donna will be speaking on the National Bureau of Economic Research’s findings that there is a definite connection between mental illness and addictive substances. Reports show that of the people struggling with dual disorders, the majority, 59%, do not receive any treatment for either disorder.

As a parent, Donna experienced this nightmare with her daughter, Joy, and did not have the resources or tools to understand or know where to go to get the help she needed. Joy, died on March 15, 2012, and then Donna experienced first hand what it was like to actually become mentally unstable herself. It gave Donna a clearer vision of what it must be like to live with this disease and “Joy’s Story” became her mission to try to help others.

The Weather Was Here . . . And The Girls Were Beautiful

The weather was beautiful and everyone was in attendance at the Augusta High School Prom this past Saturday evening, May 2nd.

Being from a small town school, everyone knows everyone and events like prom bring the community out in full force to show their support for the positive events that make a community proud.

After an emotionally difficult year, many of the prom goers paid tribute to the memories of two special young ladies who recently passed away. Team Gracie banners could be seen in memory of Gracie Hurst and many young ladies wore bumble bees in their prom flowers in memory of Samantha Bustos.

Pictured above, left to right with their prom ride, a VW Station Wagon owned by Mike Moore, are: Danielle Shackelford, Caleb Ray, Clacie England, Adam Jett, "chauffeur" Mike Moore, Max Hargett, and Kellie McAfee.

Pictured left to right, above left, are Arista Allen, Jeffrey Allen, Jr., Bryn Blevins, Miranda Claypool and Randy Kiskaden arriving in a military Deuce-and-a-half owned and driven by Tommy Pickrell. Pictured above right, is a prom float carrying four senior girls and their dates, left to right, seated, Paige McCord, Nick Zeidler, Gavin Jett, and Olivia Rolph Plummer. Standing: Eli Rodriguez, Le Ann Tucker, Shelby Nickerson, and Daniel Edie.

Pasture to Plate Program

As the amount of consumers wanting to know where their food comes from increases and the number of cattle in Kentucky sold to the local consumer grows, the University of Kentucky's Pasture to Plate program proves vital to the success of producers, consumers and industry related professionals across the state.

There are approximately 40 U.S. Department of Agriculture (USDA) inspected facilities operating in Kentucky, which allow producers to market their cattle directly to the consumer. With an increasing number of producers retaining ownership of their cattle through the finishing phase, the University of Kentucky (UK) College of Agriculture, Food and Environment, Kentucky Beef Network (KBN), Kentucky Beef Council, Kentucky Department of Agriculture and the UK Forage Animal Production Research Unit has set out to educate individuals with the Pasture to Plate program.

"Kentucky farmers interested in retaining ownership of their cattle through the harvesting process will be able to learn more about nutrition management, consumer interests, and carcass performance," said Darrah Bullock University of Kentucky extension professor of beef cattle genetics.

The program will consist of a combination of ten steers and heifers, purchased yearly at approximately 700-800 pounds. The cattle will include a variety of feeder calves, including dairy-type calves. The calves will be fed a concentrate ration until finished at 1200-1500 pounds. All cattle will be harvested at approximately the same time, carcasses will be graded and processed in a typical manner; two example carcasses (one heavy and one light conditioned) will be completely deboned and separated into muscle, fat and bone. A sample steak suitable for taste panel evaluations will be collected from

each carcass. Participants in this program will have the opportunity to sample the eating quality of the steaks obtained from the calves in the program. The project will be replicated at three locations across the state including the Eden Shale Farm, UK Research and Education Center at Princeton, and Morgan County Extension Farm.

"The overall goal of this program is for cattlemen to learn and experience all phases of the cattle industry post-weaning. Most Kentucky calves are sold at weaning, this program will allow producers to experience what happens from weaning through consumption," said Bullock.

The project facilitates a vast array of educational opportunities that will be available in person as they happen, as well as recordings that will be made available to individuals who cannot attend the live program. There will be five educational components of the program including receiving, finishing, carcass/consumer/retail, live evaluation, nutrient and health management. The Pasture to Plate program will benefit Kentucky's farmers, youth and consumers as part of an educational journey encompassing the beef industry. The variety of educational programs and promotion will help take Kentucky's beef industry to the next level.

For more information regarding the Pasture to Plate program including dates and locations of the live demonstrations please contact your local county extension office.

Letters To The Editor

On Friday, May 1st, members of the BCHS Track Team cleaned Highway 19 from Asbury Road to Route 8. We were disgusted to see the amount of fast food containers and soda and alcohol bottles. After we spent our afternoon cleaning up after discourteous drivers, we were disheartened to see more trash had been thrown out the VERY NEXT DAY!!!!

Even though we will put the money we receive for cleaning the roadway to good use, we really wish people were more conscience of our environment and would learn not to litter our beautiful county.

*Sincerely,
BCHS Track Team*

B.C.H.S. Class of '70 Reunion Reminder

This is a reminder to those in attendance at the 40th reunion of the B.C.H.S. Class of 1970, and a notice to SAVE THE DATE for those who were unable to attend. It was suggested at that reunion that we have a standing date for future reunions. That date being the fourth Saturday in September. This year, we are planning to meet on September 26th at the Clooney Community Center in Augusta. Details will follow upon completion.

Each time we get together, we have lost a few more of our fellow classmates. Our time together, laughing and reminiscing, is precious to all those in attendance. We hope to see our regulars, and maybe, some who have never attended, this year.

Riley and Della Riley, husband and wife, dated November 29, 2004, recorded December 2, 2004 at 8:00 a.m. in Deed Book 175, Page 323 of the Bracken County Clerk’s Records.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

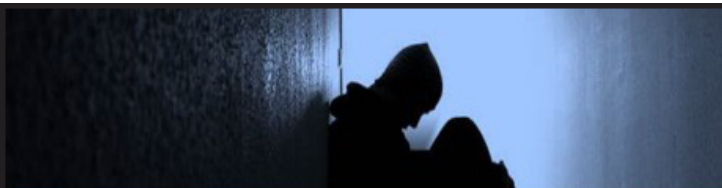

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2015 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

AIS fourth grade students visit Augusta Water Treatment Plant

On March 31st, the fourth grade class at AIS visited the Augusta Water Treatment Plant. Susan Butts, plant supervisor, and John Olsen led the students on a tour of the plant, showing them the process of how water gets from the wells to the water fountains! The students were fascinated that all of the water they use at home and school passes through the treatment facility right under their feet!

Max Hargett selected as Governor's Scholar Program participant

Augusta Independent High School Junior, Max Hargett has been selected for the prestigious five week Governor's Scholar Program. Max is the son of James and Angie Hargett. At AIS, Max is involved in several activities including: Varsity Tennis Team, Varsity Archery Team, FCCLA, FBLA, Champions against Drugs, STOP coalition, Green Dot, and Teen against Tobacco Use.

The Kentucky Governor's Scholar Program was established in 1983 in order to provide the state's top high school juniors with academic and personal growth through the balance of a strong liberal arts program with a full co-curricular and residential life experience.

In order to participate in the program, students must be nominated by their high schools and then compete on a statewide level. In addition to an academic profile that includes difficulty of course load, grade point average, and at least one standardized test score, the application requires an outline of all extra-curricular activities, a history of volunteer service, and a list of job positions held. Teach-

er recommendations include both quantitative evaluation and qualitative descriptions of the student's performance and potential. The final component of the application is an original essay.

Each student must sign a contract agreeing to stay for the full term of five weeks, including weekends, without interruption and to attend classes daily and to participate in the life of the community. Governor's Scholars live in college dormitories with separate quarters for men and women. They balance a busy academic schedule in the sciences, mathematics, humanities and the arts with a variety of co-curricular activities and a rich residential life.
